

Dear Parents,

During the time that your child attends Jacksonville ISD, he/she will be using computers and computer networks, including access to the internet, in his/her class.

Your child should be particularly aware of his/her individual user responsibilities and the consequences of his/her action including on-line conduct and network etiquette as well as understanding that vandalism and forgery are prohibited and the consequences of his/her actions.

All software placed on District system(s) must be approved by the Campus Coordinator or District Technology Director and be placed on the system(s) by authorized personnel in accordance with District policies, regulations, and copyright laws and policies.

Computers and computer networks throughout Jacksonville ISD will be used exclusively for instructional and administrative purposes. Access to the District's computers and electronic communication system(s) is a privilege and not a right.

The internet is a network of networks. Through the District's electronic communications system(s), your child may have access to hundreds of databases, libraries, and computer services all over the world. Please note that your child may access areas of adult content and some material you might find objectionable. While the District has a technology protection measure in place to preclude and not encourage access to such material, it is not possible for us to absolutely prevent such access.

With this educational opportunity also comes responsibility. It is important that you and your child read the District policy, administrative regulations, and agreement form and discuss these requirements together. Inappropriate system use will result in the loss of privilege to use this educational tool.

Please sign the student agreement form indicating your permission or denial of permission for your child to participate in the District's electronic communications system(s). **The student agreement form must be signed and returned for your child to have access to these resources.**

Sincerely,

*Hedda Alexander*
